Institutional Projects

**Optimal Student Preparation,
Progression and Completion
(Quality Progression and
Completion)**

- Promote students' progression to goal completion by knowing our students and creating needed systems, processes and learning environments
- Support academically underprepared students' progression to college-level coursework by providing them with foundational skills, classes and support

Progression and Degree Completion

Students will participate in intentional experiences and support practices, particularly during their first year, that impact their ability to progress in their educational pathway.

Quality

Students will engage in high quality, high impact curricular and co-curricular courses, programs, events and activities that empower their success.

Research & Information Systems

Faculty, staff and administrators will use data and an evidence-based culture to continuously improve practices and policies in support of student engagement and success.
