

## **NASA Minutes January 21, 2011**

Co-Chairs Daniel Gibson and Chuck D'Angelo

Secretary Nayma Glenn

Treasurer James Coburn

Faculty Advisor James Florendo

- **NASA Trip**

- **Chuck:** Planning trip next term to Seattle with the other student unions
- **Plan:** Currently a day trip, leaving in the evening stay night in Seattle, spend day on activities visiting cultural museums
  - **Colette:** Could we find a Longhouse on the way or up there to visit?
  - **Nayma:** might be hard to leave the evening before, have enough time to really see anything and come right back (5hr drive one way)
  - Check into possibility staying two nights
- **Money:** Chuck -\$500 could come from Council of Clubs, Phil-\$ available from ASLCC too because of being a Union Trip IF open to all students
- **Date:** Chuck- End of May, early June
  - **Nayma:** Lanestock June 3<sup>rd</sup>
  - **Katie & Vickie:** Mothers day in May [Sunday the 8<sup>th</sup>]
- **James Lane:** Would like to make a political stop in Salem (consensus is this would be better served by planning a rally on a separate day)
- **Vicky:** Is Seattle set? What about Bend or the Coast
  - **Chuck:** looked at Portland, not many cultural activities;
  - Another location is a possibility
- Tabled: Discussion will continue after the break
- **Volunteers:**
  - **Nayma:** Hotels, Hostels costs
  - **Vicky:** Seattle museums, Longhouses, cultural events
  - **Collette:** Mileage & driving costs; talk to Tina about Longhouse/Potluck opportunities
  - **Carmella:** Food restaurants (budget \$10/br-lunch & \$15 dinner per person)

- **Frybread Sales**

- **Next month,** \$4 Indian Taco (\$2 frybread?)
- **Gonna do presales and deliver**
  - **Chuck:** Need to see when can get enough volunteers to deliver the bread & that will determine time of sale
  - **Nayma:** Can we figure out a way to sell tickets to students, like in the cafeteria, too and have a time they can come down to the Longhouse and eat; opens up the sale to more money and students being able to buy an indian taco too
    - **Chuck:** Have done the serving thing before

- **Issue before:** Kitchen don't want open fire cooking up there
  - **Issues now:** Students have to come all way down to Longhouse to eat; Sales have to happen outside of the Longhouse
- **Colette:** What if we leave it open to students to come to the Longhouse and eat, and charge a little more for delivery to whoever wants it
- **Chuck:** How about we make the frybread here and sell the tacos and fixings in the cafeteria AND deliver to the people who want that
- **Consensus:** Good compromise, workable plan; solves kitchen issue with frying frybread outside of cafeteria and opens sale up to more people, plus cafeteria more central location for eating
- **Chuck:** Maybe we could get other groups to help to raise money for the trip
  - **Vickie:** What about people who help but can't go? How do they benefit?
    - **Nayma:** They're doing it for the good of all
    - **Phil:** Recruitment and visibility opportunity for NASA and the clubs; May also raise more money than just for the trip
  - **Vickie:** I volunteer to be a frybread student. Katie shouldn't have to do it all by herself
  - **James Lane:** NASA have non-profit #?
    - **Chuck:** not sure
    - **Colette:** Umbrella'd under LCC
    - **Phil:** Non-profit by definition
- **Meeting during Deadweek?**
  - Yes
- **Longhouse Potlucks**
  - **Colette:** Still going to happen?
  - **Nayma:** I would like to see them happen. NASA did potlucks for years would be nice to do them again
  - 
  - **Chuck:** Concerned about meeting before the Potluck making too long an evening
    - **Nayma:** seems like that would work good though we'll all be hungry by the time we're done
    - **Chuck:** That is if we're still meeting at the same time
    - **Karen asked if NASU meets same day as their potluck:** She thought not anymore, but they are not very active recently period

- **Consensus:** Potlucks yes, still need to discuss time but first have to decide NASA meeting times for next term
- **Colette:** Would like to see Potlucks as major marketing opportunity for students for LCC recruitment to NASA. Wants to figure out concrete plans for getting the word out there

**WE WILL HAVE A WELCOME BACK POTLUCK AT OUR FIRST MEETING BACK... TIME TBA**

- **NEXT MEETING AGENDA:**

- **Meeting times:** All members check your schedules. What day and time will work to meet next term? Members at February 11 meeting will set the times any member can input beforehand though. Tell Chuck and Daniel by calling the MCC or email the group.
- **Potluck Logistics:** Volunteers, clean-up crew, date and time
- **ADDA Luau, maybe firepit tempering**
- **Frybread Fundraiser**

- **NEXT TERM:**

- **Further discussion group trip**
