DEPARTMENT: Computer Information Technology
PROGRAM: Service Courses

INITIATIVE TITLE: Better communication/coordination with the computing labs that serve students taking CIT service courses.   Priority: 30

DESCRIPTION: The computer lab facilities at LCC that students in the CIT service courses use need to have good communications and coordination with the CIT Department. Students will be better served.

RESOURCES NEEDED: No resources are needed for this initiative.

FUNDING SOURCES:

ORG/PROG CODES:

INITIATIVE ARTICULATION WITH COLLEGE'S VISION, MISSON, & GOALS: This initiative directly impacts the learning of fundamental knowledge and skill development in computing for students. This initiative indirectly strengthens a student's core ability to use technology and be better prepared in their discipline of study. The appropriate level of skills enables students to meet career enhancement goals. This initiative is a response to the technological changes experienced by all areas of the community in Lane County.
