

The department pilot tested the first term of the *OPABS Bridge Math Course*.

The course was benchmarked to postsecondary level courses, uses systematic lesson plans, skills framework, strategy instruction, and integrates occupational information with basic skills. The second term course was developed and will be pilot tested fall term 2009.

Strategic Direction

- Build organizational capacity and systems to support student success and effective operations.
- Position Lane as a vital community partner by empowering a learning workforce in a changing economy.
- Foster the personal, professional, and intellectual growth of learners by providing exemplary and innovative teaching and learning experiences and student support services.

Learning Plan Goals

- Facilitate more integrated and connected educational opportunities.
- Support connected learning through inter-disciplinary and collaborative learning strategies.
- Curriculum enhancement.

Student Affairs Plan Goals

- Strengthen relationships with high schools, transfer institutions, community partners, and employers to enhance the student's preparation for and success in college, career, civic engagement, and community involvement.
- Develop policies and practices to increase student persistence.
