

Construction Technology:

- An initial set of hand tools and power tools were purchase for the remodeled lab. In addition, these tools enhanced the capability of the program to teach finished carpentry. Framing materials and supplies were purchased to build a 740 square foot framed structure in the construction lab area. This structure is used as a visual and hands on teaching aid for students to further enhance their educational experience. These purchases were funded by a \$14,000 Carl Perkins Grant.

Strategic Direction

- Position Lane as a vital community partner by empowering a learning workforce in a changing economy.
- Foster the personal, professional, and intellectual growth of learners by providing exemplary and innovative teaching and learning experiences and student support services.

Learning Plan Goals

- Curriculum enhancement.

Student Affairs Plan Goals

- Create innovative, flexible, and collaborative programs that are responsive to the needs of students and employers and facilitate a smooth transition from college to the workplace.
- Ensure success-oriented systems and experiences.

College Council Priorities

- 4.3 Responding to unit plans/council plans: Enhancing Classrooms
- 1.c. Enrollment Management: Workforce Development
