Initiative Report for CCS 2009-10

Campus Food Services: Efficiencies and Productivity with the Increase of Student Workers

Summary:

The increase of a diverse student worker population to the Campus Food Services staff would continue to support the College's Mission and Core Values in serving our students.

Description

Campus Food Service will continue to aggressively pursue Student Workers from our instructional programs and students from other departments. These green jobs do not require students to leave campus, teach them about compostable service and local food.
