

Initiative Report for Coop Ed 2009-10

Enhanced Apprenticeship Classroom

Summary:

Remodel classrooms in Building 10 to better meet the needs of Apprenticeship students. Collaborate with RTEC to design hands-on instructional and storage spaces that can meet the needs of both programs. Design collaboration will promote highly efficient use of space where high school students will utilize it during the day and Apprenticeship will use it in the evenings and weekends.

Description

Remodel classrooms in Building 10 to better meet the needs of Apprenticeship students. Collaborate with RTEC to design hands-on instructional and storage spaces that can meet the needs of both programs. Design collaboration will promote highly efficient use of space where courses for high school students will utilize the space during the day and Apprenticeship courses will use it in the evenings and weekends.

Questions and Answers

How is the initiative linked to the Unit Plans most recently submitted?

- 1. How does it continue the achievement of those goals?**
- 2. If this is a continuation of an initiative started last year, make sure that relationship is clear.**

How is this initiative linked to the efficiencies and productivities plans you had last year?

- 1. How does it continue the achievement of these plans?**
- 2. If this is a continuation of an efficiency or productivity plan started last year, make sure that relationship is clear.**

With over 500 students a year in Apprenticeship courses, classroom space is always needed, especially classrooms that can accommodate equipment. The assignment of dedicated classroom space and storage has been an on-going goal for the Apprenticeship program since 1999.

Describe the resources needed:

Bond remodeling funds.

What specific measurable program outcomes do you expect to achieve with this initiative? The outcomes should be specific enough to be measurable. Also, outline the method that will be used to determine the results.

Appropriately designed classroom spaces for Apprenticeship students will create improved instructional delivery and also allow students to be able to better demonstrate the required skills in their trade area.

Department Priority:

8
