Initiative Report for Coop Ed 2009-10

Hands-on Career Day for High School Students

Summary:

Provide hands-on career day for high school students to further explore learning opportunities available at Lane with a career/technical program focus. Improve high school students understanding of Lane offerings to recruit students to Lane with goal of increase enrollment of high school students in Career/Technical programs.

Description

Provide hands-on career day for high school students to further explore learning opportunities available at Lane with a career technical focus. Improve high school students understanding of Lane offerings to recruit students to Lane with goal of increase enrollment of high school students in Career/Technical programs. As career technical programs are developed, this activity is a key component for Perkins funding.

Questions and Answers

How is the initiative linked to the Unit Plans most recently submitted?

1. **How does it continue the achievement of those goals?**
2. **If this is a continuation of an initiative started last year, make sure that relationship is clear.**

How is this initiative linked to the efficiencies and productivities plans you had last year?

1. **How does it continue the achievement of these plans?**
2. **If this is a continuation of an efficiency or productivity plan started last year, make sure that relationship is clear.**

This will be the fourth or fifth year of funding for this event that brings high school students to Lane to experience career/technical programs.

Describe the resources needed:

$3,500 from Carl Perkins from Material and Supplies. These funds will pay for CML rental, food, outreach materials and other associate costs related to putting on this event.

What specific measurable program outcomes do you expect to achieve with this initiative? The outcomes should be specific enough to be measurable. Also, outline the method that will be used to determine the results.

Approximately 200 high school students from throughout Lane County will come to the Hands-on Career Day at Lane to be introduced to Career/technical programs at Lane through experiential workshops with Lane faculty. Students pre-register for this event which allows for an exact count as well as the ability to track which high schools the students are associated with.

Department Priority:

5

Unit Resources:

This is one of the activities the unit undertakes to attract high school students to Lane. Outreach to high school students is about 5% of unit resources (manager, faculty and staff) that are dedicated to high school student outreach. THIS INITIATVE IS DONE IN PARTNERSHIP WITH ENROLLMENT SERVICES UNDER THE AUSPICES OF THE STUDENT RECRUITMENT AND OUTREACH COORDINATOR.

Funding Request: Carl Perkins

Is this a Career & Technical Education program approved by the state and offered through Lane for credit?

Yes

If not a Career & Technical Education program, does your request provide considerable support for students enrolled in these programs?

No

Do you have an advisory committee that meets 2-3 times per year?

Yes

If request is for personnel, will funds be used to replace an existing position?

no

How will funding this initiative increase or sustain the academic achievement and technical skills attainment (GPA of 2.0 or better) of Career and Technical Education students?

Approximately 200 high school students will benefit from this initiative. Carl Perkins requires linked programs of study with local high schools. This initiative strengthens and enhances the relationships with local high schools to ensure this can occur.

How will funding this initiative increase or sustain the number of CTE students that graduate or receive a one year certificate from Lane and help prepare the students for employment?

This initiative assists with the recruitment and retention of high school students in dual credit courses that provide an early start to career/technical programs.

(CS) Explanation of effect of partial funding:

MATERIALS & SUPPLIES $

3000

(MS) Explanation of effect of partial funding:

The consequence of less funding would be a smaller event that would result in fewer attendees and fewer potential students exposed to lane.
