

Received 570 hours of curriculum development funds through Unit Planning initiatives to support course improvements and new courses: a Biology sustainability-themed survey course; development of Unseen Life as a distance learning course; enhancements to Physics 100-level courses; and course development in the Water Conservation Technician program.

Strategic Direction

- Position Lane as a vital community partner by empowering a learning workforce in a changing economy.
- Commit to a culture of assessment of programs, services and learning.
- Foster the personal, professional, and intellectual growth of learners by providing exemplary and innovative teaching and learning experiences and student support services.

Learning Plan Goals

- Commit additional resources to the creation, development, and implementation of distance learning courses and degree programs.
- Curriculum enhancement.
- Increase support for innovation in instruction.

Student Affairs Plan Goals

- Create innovative, flexible, and collaborative programs that are responsive to the needs of students and employers and facilitate a smooth transition from college to the workplace.
- Develop and promote a seamless transition for students from Lane to four-year institutions of higher education, maximizing their chances for success and enhancing their personal, social, and academic growth.

College Council Priorities

- 4.2 Responding to unit plans/council plans: Curriculum Development
- 1.e. Enrollment Management: Increase Credit Enrollment Level
- 1.c. Enrollment Management: Workforce Development
