CFS Goal: Incorporate New Functionalities of the Upgraded Micros POS System

Summary:

To continue implementing all Micros POS functions into Food Service operations for better efficiency.

Description

The upgraded system is current and provides the maximum amount of protection for customers. Continuing to implement all Micros POS functions into Food Service operations for better efficiency includes the refinement of data reports, such as product and employee classification and tracking. The current implementation of additional individual cash drawers has added increased efficiency to the POS operations.
