

Coop Ed 2008-09

Accomplishment Description:

New Lane Degree Programs Offer Co-op Opportunities

The Physical Therapy Assistant Program, the Computer Simulation and Game Development Program, Geographic Information System program, and the Water Conservation Technician Program all offered new learning options through internships for lane students. As these programs grow, enrollment in the co-op courses in these programs will increase.

Curriculum development funding was secured for future development in human services, particularly the Junction City state hospital. Rural distance education courses for substance abuse counselors were developed.

Strategic Direction

- Build organizational capacity and systems to support student success and effective operations.
- Position Lane as a vital community partner by empowering a learning workforce in a changing economy.

Learning Plan Goals

- Curriculum enhancement.

Student Affairs Plan Goals

- Enhance the Lane workforce to best promote student success.
- Enhance Recruitment Efforts.

College Council Priorities

- 1.e. Enrollment Management: Increase Credit Enrollment Level
- 1.c. Enrollment Management: Workforce Development
- 1.b. Enrollment Management: Recruitment and Retention
