# Health Professions 2010-11

## Curriculum development in Nutrition

### Summary:

Curriculum development for FN 206,280, MY Lane portal and advanced skill training

### Description

For FN 206 and FN 280, we would like CD funds to develop these new classes (Nutrition Services and Medical Nutrition Therapy) for our dietary manager new concentration in Culinary. In addition, we would like to request an additional 70 hours to be split between our faculty for additional training in online education (specific web based tools that can be used in all Nutrition courses). Furthermore, in order to make Nutrition a better presence on campus at LCC, we would like 100 hours of CD to put together short information bites that can be put on the New MY LANE portal to enhance community knowledge of Nutrition....

### Questions and Answers

**How is the initiative linked to the Unit Plans most recently submitted?**

1. **How does it continue the achievement of those goals?**
2. **If this is a continuation of an initiative started last year, make sure that relationship is clear.**

**How is this initiative linked to the efficiencies and productivities plans you had last year?**

1. **How does it continue the achievement of these plans?**
2. **If this is a continuation of an efficiency or productivity plan started last year, make sure that relationship is clear.**

Although going ahead with the Dietary Manager curriculum is a continuation of last years goals, bringing classes online is a consistent emphasis at LCC and learning more tools for increased technology savvy is important. Furthermore, the new portal (MYLANE) is new and we have been asked to be a regular feature. Since we have no 1.0 fte faculty ( we have faculty..one at .53 and one at .63) and teach hundreds of FTEs in Nutrition, this would be an excellent opportunity for our part time faculty to be more involved.

**Describe the resources needed:**

We would need cd funding for 350 hours. 350 x 29.15 = $8745+ 2807 ope = 11,552.00

**What specific measurable program outcomes do you expect to achieve with this initiative? The outcomes should be specific enough to be measurable. Also, outline the method that will be used to determine the results.**

1. To expect that FN 206 will become a fully online course
2. To expect that FN 280 become a fully online course.
3. That our part time faculty learn additional skills about web based tools like streaming etc... and incorporate those into the current curriculum
4. To write features that can be presented monthly in the MY Lane portal

**Department Priority:**

9

**Unit Resources:**

We do not have funding put away for curriculum development in Nutrition.

# Funding Request: Carl Perkins

# Funding Request: Curriculum Development

**1. List the following information**

- **Course Numbers (titles if not currently offered)**
- **Instructor Name(s) who will work on the curriculum development**
- **Whether each of the courses is in, or has been through, the curriculum approval process**

FN 206
FN 280
Do not know which instructors will work on these courses
Both courses have been approved via curriculum approval process

**2. List each course number (or title) and the materials to be created for each class**

- **Instructional goals, objectives, syllabi and outlines**
- **Lab instruction packets**
- **Practice, quiz, presentation &/or demonstration materials**
- **Other (specify)**

FN 206 100 hours
FN 280 100 hours

both course need the following'
a. Instructional goals, objectives, syllabi and outlines
b. Lab instruction packets
c. Practice, quiz, presentation &/or demonstration materials

Also want additional training for 70 hours and request 100 hours for My Lane portal feature on Nutrition monthly.

**3. List each course number (or title) and give your timeline for beginning and completing each course curriculum development.**

FN 206 100 hours
FN 280 100 hours

Both will be worked on in July 2010 through December 2010

**4. What are up to 3 departmental instructional goals that are met through the development of curriculum in each class?**

1. Additional classes will be online which increases access to these classes by students.
2. Teachers will learn advanced techniques in online delivery of educaiton
3. MyLane portal will have the ability to add features monthly about Nutrition which would help division exposure and promote health in the community.

**5. List each course number (or title) and give the value of the development of curriculum in each course to other faculty members.**

FN 206 100 hours
FN 280 100 hours

The value to the faculty would be in learning advanced skills in online class delivery

**6. List each course number (or title) and say how many students will be served by the development of curriculum in each class.**

FN 206 100 hours
FN 280 100 hours

About 10-15 students would be helped by the above courses at first. Several hundred would be helped by advanced techniques learned by part time faculty. Thousands of students would be helped y the Nutrition spotlight on MYL:ANE portal.

**7. List each course number (or title) and give the specific benefits to students that you expect from the development of curriculum in each class.**

1. Access to online education
2. Access to greater online delivery methods
3. Access to Nutrition highlights on Lane Portal

**8. List each course number (or title) and give the specific benefits for diversity that you expect from the development of curriculum in each class.**

FN 206 100 hours
FN 280 100 hours
1. Access to greater and more diverse populations in and outside of Lane county.

**9. List each course number (or title) and give the specific benefits to sustainability that you expect from the development of curriculum in each class.**

FN 206 100 hours
FN 280 100 hours

Shortly, the online classes should be sustainable and generate more funds. Greater skill in online delivery also generates greater popularity with courses.

**10. List each course number (or title) and give the specific effects on distributed learning that you expect from the development of curriculum in each class.**

FN 206 100 hours
FN 280 100 hours

**Hours requested for Curriculum Development funding:**

   **Please enter the amount of one of the following:**

- **100 hours maximum for new development.**
- **70 hours maximum for course revision**
- **50 hours for 3-4 credit conversion**
- **other (use if multiple courses addressed in one initiative**

**Do not enter any characters other than numbers and a decimal.**

**How many hours are you requesting? If there are multiple courses addressed in the initiative, please list each course number (or title) and give the number of hours requested for each course.**

375

**Can this initiative be partially funded?**

Yes

**Partially funded curriculum development HOURS requested:**

100

**Explanation of effect of partial funding:**

Not all classes would be online. Additional skills would not be learned and the portal would not have a Nutrition component.
