

## Adv Tech 2009-10

### Accomplishment Description:

#### Auto Body & Fender Technology Accomplishments 09-10:

- Auto body received a classroom upgrade to a “smart classroom” in Bldg. 12 room 117.
- A new paint booth was purchased and installed for Bldg. 12. For thirty seven years Auto Body advisory committees recommended to the college that the spray booth needed to be replaced. Last year the college decided to take stimulus money and replace the booth, however, only part of the system was replaced and we are still trying to get it to work properly.
- Both Faculty attended the annual SEMA (Special Equipment Manufacturing Association) conference in Las Vegas, Nevada. This has been beneficial to the program in teaching the faculty new technologies keeping up with industry standards, networking with other Community Colleges faculty, purchases were made at a discounted show rate for program supplies.
- Program attended the Advisory Committee program review breakfast, started necessary steps to increase Advisory Committee size and involvement.

### Strategic Direction

- Position Lane as a vital community partner by empowering a learning workforce in a changing economy.
- Create, enhance, and maintain inviting and welcoming facilities that are safe, accessible, functional, well-equipped, aesthetically appealing and environmentally sound.

### Learning Plan Goals

- Facilities enhancement.
- Enhance student transitions at all levels.
- Expand discipline-oriented faculty professional development, with care to include professional-technical faculty.

### Student Affairs Plan Goals

- Create a Welcoming, Inclusive, and Responsive Environment.
- Enhance the Lane workforce to best promote student success.
- Create innovative, flexible, and collaborative programs that are responsive to the needs of students and employers and facilitate a smooth transition from college to the workplace.

## College Council Priorities

- 1.c. Enrollment Management: Workforce Development
- 3. Efficiencies
