

## Adv Tech 2009-10

### Accomplishment Description:

#### Aviation Maintenance Technician Accomplishments 09-10:

- Aviation Maintenance program move from main campus building 10 to the RTS building at the airport is final and is successfully operating.
- The paint booth at RTS is installed and fully operational, this enhancement has been integrated into the curriculum for the AMT students.
- Continued integration of the NIDA system (computer based training system) has been integrated into the AMT curriculum.
- Hired two part-time faculty to teach additional AMT classes due to the influx of students.
- The process has been implemented to internally upgrade precision measuring equipment from analog to digital for more effective student learning.

### Strategic Direction

- Position Lane as a vital community partner by empowering a learning workforce in a changing economy.
- Create, enhance, and maintain inviting and welcoming facilities that are safe, accessible, functional, well-equipped, aesthetically appealing and environmentally sound.
- Build organizational capacity and systems to support student success and effective operations.

### Learning Plan Goals

- Increase support for innovation in instruction.
- Support connected learning through inter-disciplinary and collaborative learning strategies.
- Facilitate more integrated and connected educational opportunities.

### Student Affairs Plan Goals

- Create a Welcoming, Inclusive, and Responsive Environment.
- Enhance the Lane workforce to best promote student success.
- Create innovative, flexible, and collaborative programs that are responsive to the needs of students and employers and facilitate a smooth transition from college to the workplace.

### College Council Priorities

- 1.c. Enrollment Management: Workforce Development
- 3. Efficiencies

- 5.2 Instructional Redesign: Leveraging Technology
