Auto Body - #1 - Replace Front end alignment machine

Summary:

Replace front end alignment machine.

Description

Replace existing equipment (front end alignment machine which is over twenty years old and parts are no longer available).

Questions and Answers

How is the initiative linked to the Unit Plans most recently submitted?

1. How does it continue the achievement of those goals?
2. If this is a continuation of an initiative started last year, make sure that relationship is clear.

How is this initiative linked to the efficiencies and productivities plans you had last year?

1. How does it continue the achievement of these plans?
2. If this is a continuation of an efficiency or productivity plan started last year, make sure that relationship is clear.

It allows us to train students for jobs in industry with up to date equipment. Without updating, we will have to eliminate one important part of the program.

Not on last years initiative because we thought we would be able to get parts to keep the equipment functioning.

Our goal has always been to teach students the latest repair methods to repair cars of today as well as cars of the future.

This is a new initiative.

Describe the resources needed:

Equipment: \$15,000

Funding is to replace existing equipment which is over 20 years old. We have had numerous break downs and now we are told, because the age of the equipment, replacement parts are no longer available.

What specific measurable program outcomes do you expect to achieve with this initiative? The outcomes should be specific enough to be measurable. Also, outline the method that will be used to determine the results.

We will be able to continue to train students on front end alignment which is integrated into the frame repair portion of the Auto Collision program. This is a vital part of the program. Student success is measured on students ability to perform repairs to industry standards.

Department Priority:

Unit Resources:

There are no unit resources available.

Funding Request: Carl Perkins

Is this a Career & Technical Education program approved by the state and offered through Lane for credit?

Yes

If not a Career & Technical Education program, does your request provide considerable support for students enrolled in these programs?

Yes

Do you have an advisory committee that meets 2-3 times per year?

Yes

If request is for personnel, will funds be used to replace an existing position?

How will funding this initiative increase or sustain the academic achievement and technical skills attainment (GPA of 2.0 or better) of Career and Technical Education students?

Without updated equipment we will not be able to maintain the state of the art program and will have to eliminate a very important part of the program.

How will funding this initiative increase or sustain the number of CTE students that graduate or receive a one year certificate from Lane and help prepare the students for employment?

It will maintain the program at its current level.
