

## CCS 2009-10

### Accomplishment Description:

#### **CFS Sustainability**

Campus Food Service continues its mission to find ways to reduce, reuse and recycle. This year, the push toward 100% sustainable product containers continued by working with Pepsi in switching out current soda cups (which were non-compostable) for compostable wax based cups. CFS has eliminated 90% of portion control packages to bulk and compostable alternatives. This includes packages of ketchup, mayo, mustard, sugar, and honey. There is decreased napkin use with implementation of new green dispensers which has helped hold down the excessive taking of napkins. CFS saves the bags whole bean coffee comes in and gives them back to the vendor for reuse.
