CAHM Goal: Execute Online Course Modality for CA 175 Sanitation and Safety

Summary:

Processes have been completed for the creation of the Online Course Modality for CA 175 Sanitation and Safety.

Description

Processes have been completed for the Online Course Modality of CA 175 Sanitation and Safety, in which Carl Perkin's funds were allocated in 2009. The demand for this course has increased because of the high enrollment in both instructional programs and the current Career Pathways Certificates. An additional section was added to the course in Fall Term 2010 to accommodate 91 students. A new Pathways program in Dietary Management also requires this class for the curriculum. The Online Course Modality will enable us to offer this course in multiple terms increasing availability and flexibility to our students, and students needing this requirement in other disciplines. The goal is to have a pilot term offering the new course modality in 2011. Complete term-by-term implementation will be as dictated by the availability of budgeted human resources.
