

Coop Ed 2009-10

Accomplishment Description:

Co-op Ed -- Strong Enrollment of Special Populations in Professional Skills

Courses: Through Perkins funding a part-time classified staff (a division initiative for 2009-10) was able to be hired which facilitated robust enrollment of injured works, veterans, Trade Act Clients and clients of State of Oregon Vocational Rehabilitation. **101 FTE** and associated tuition and fees were brought to Lane from these populations based on **1,435 co-op credits** for which they were enrolled. Many of these special populations require extensive additional reporting and paper processing which would not be possible without the additional clerical support.

Strategic Direction

- Position Lane as a vital community partner by empowering a learning workforce in a changing economy.
- Position Lane as a vital community partner by empowering a learning workforce in a changing economy.

Learning Plan Goals

- Enhance student success and retention
- Support connected learning through inter-disciplinary and collaborative learning strategies.
- Enhance student transitions at all levels.
- Enhance student success and retention
