

Math 2009-10

Accomplishment Description:

Technology Connection – Vicky Kirkpatrick served again this year, under Vice President Sonya Christian, as a faculty technology specialist. She worked with others to present a variety of technology to faculty, including google docs (for collaboration with others), Softchalk (for writing professional online content), and Elluminate 9for holding virtual meetings). Vicky also taught a beginning class (in the Teacher2Teacher course series) for instructors at the college planning to teach online or hybrid courses. The course is aimed at these instructors, though all instructors are welcome. Universal ideas for presenting content and using Moodle were also presented. Intermediate and advanced courses were also available in the series.

Strategic Direction

- Promote professional growth and provide increased development opportunities for staff both within and outside the College.

Learning Plan Goals

- Increase support for innovation in instruction.
- Commit additional resources to the creation, development, and implementation of distance learning courses and degree programs.

Student Affairs Plan Goals

- Create innovative, flexible, and collaborative programs that are responsive to the needs of students and employers and facilitate a smooth transition from college to the workplace.

College Council Priorities

- 5.2 Instructional Redesign: Leveraging Technology
