

## Key Performance Measures for Oregon Community Colleges

Performance measures are an integral part of the work of Oregon's Department of Community Colleges and Workforce Development (CCWD) and are incorporated into the services provided through community colleges, the federal Workforce Investment Act (WIA) Title IB and Title II programs, and Carl Perkins Career and Technical Education Improvement programs. CCWD has a long history of working with and supporting local efforts to meet and exceed performance measures, whether they are state, federal or local measures.

CCWD partners with the other education agencies in Oregon, including the Department of Education, the Oregon University System, and the Oregon Student Assistance Commission, to improve the quality of education available to Oregonians throughout their lives. CCWD partners with the Oregon Employment Department, the Oregon Economic and Community Development Department, the Department of Human Services, and many other state agencies and interested groups to increase workforce opportunities for Oregonians.

CCWD has 25 Key Performance Measures which link to eight Oregon Benchmarks and three Department goals. The eight Benchmarks are:

3. Oregon's national rank in new companies
12. Pay per worker
23. High school completion
24. Some college completion
25. Postsecondary credentials
26. College completion
27. Adult literacy
29. Labor force skills training

The three Department goals that connect to CCWD's mission are:

1. Oregonians have strong literacy skills;
2. Oregon's workforce is well trained and has access to a wide variety of training programs; and
3. Oregonians have access to excellent, affordable community college services.

**CCWD Mission:** Contribute leadership and resources to increase the skills, knowledge, and career opportunities of Oregonians.
