

# Key Benchmarks -- LANE Community College

## Students by Age Group

Fall Terms

### Analysis and Action: For fall term 2007:

- > The average age of credit students was 24.9 years (compared to 27.1 years for fall 2003).
- > The average age of non-credit students was 49.7 years (compared to 51.4 years for fall 2003).
- > The average age for all students was 33.8 years (compared to 36.7 years for fall 2003).
- > 54% of credit students were 21 years or younger (compared to 42% for fall 2003).

Based on all the students who enrolled in fall '07 credit classes, the percent of students 21 years or younger increased from 49% in fall '06 to 54% in fall '07; the percent of students 22 to 40 years decreased from 39.5% in fall '06 to 36.3% in fall '07. We are continuing to analyze enrollment data to understand how they are affected by college policies and procedures.

**Data Source:** Unduplicated Headcount Reports (IRZ2106, -07); OCCURS student tracking system beginning fall 1998; Banner queries beginning fall 2003 following conversion of Lane's administrative software system; *revised* fall '07 OCCURS reporting.
