

# Key Benchmarks -- LANE Community College

## Students by Age Group

Fall Terms

### Analysis and Action: For fall term 2008:

- > The average age of credit students was 25.4 years (compared to 27.1 years for fall 2003).
- > The average age of non-credit students was 44.9 years (compared to 44.6 years for fall 2003).
- > The average age for all students was 31.2 years (compared to 36.7 years for fall 2003).
- > 54% of credit students were 21 years or younger (compared to 42% for fall 2003).

Based on all the students who enrolled in fall '08 credit classes, the percent of students 21 years or younger decreased from 54% in fall '07 to 51% in fall '08; the percent of students 22 to 40 years increased from 36% in fall '07 to 39% in fall '08. We are continuing to analyze enrollment data to understand how they are affected by college policies and procedures.

**Data Source:** Unduplicated Headcount Reports (IRZ2106, -07); OCCURS student tracking system beginning fall 1998; Banner queries beginning fall 2003 following conversion of Lane's administrative software system; *revised* fall '08 OCCURS reporting.
